Backend: Node.js, Express.js
Tools & Technologies: Git, Docker, Web3.js, Socket.IO, Tailwind CSS, REST APIs, GraphQL
Databases: MongoDB, MySQL

Experience

Eserafsoft Solutions, MERN Developer — Mohali, India — June 2023 – Sept 2025

- Developed MERN stack web apps serving 5000+ active users, handling ~50k requests/day.
- Built real-time features with Socket.IO, improving response speed by 30% and reducing downtime by 15%.
- Collaborated with cross-functional teams to deliver 5+ projects quarterly on schedule.

Projects

Coin Finance
Blockchain-powered platform offering financial services.

- Built using React 18, Typescript, Web3.js, WalletConnect; deployed on Vercel.
- Enabled secure transactions and decentralized finance features.
- Live at https://empowercoin.finance/

Revolvr Retailer
Shopify app to streamline product consignments from brands to retailers.

- Shopify Remix scaffold with prisma ORM and SQL db , using webhooks and Shopify GraphQL apis for automated tracking.
- Reduced manual tracking time by 40%, saving ~15 hours/week for retailers.

ExpressW
Indrive clone with real-time updates and payment integrations.

- Managed backend with Node.js, integrated Socket.IO for real-time ride updates for 100+ daily rides.
- Integrated PayPal & Escrow for secure payments; processed 100+ transactions daily, ~$10k/month.

Collab Head
Collaborative platform for product teams to engage directly with clients.

- Built with Next.js frontend and Django backend.
- Improved client feedback turnaround by 50%, handling ~100 feedback items/month.
- Live at https://lionshead.tidera.ai/

BlackPatch
iOS app connecting Apple device owners with on-demand repairs.

- Served 15k+ active users; revenue generated approx. $500k, completing 2k+ service requests.
- Optimized service booking process, reducing wait time by 25% and cancellations by 15%.
- Live at https://blackpatch.app/

Education

Rayat Bahra, B.Tech — Ropar, India — Aug 2018 – June 2022

Certifications

IoT/ML Certification — Jan 2022 – Aug 2022
Gained foundational knowledge in machine learning and IoT systems.

JavaScript Certification — Jan 2023 – June 2023
Mastered JavaScript, including React.js and Node.js.
